## Part II: Project Details

<b>Project Description</b>	The project is designed for T-14 Training Academy. T-14 is a fresh initiative from a group of retired national team football players. It is a training academy that specializes in football. The academy carries out various training programs focusing on the multiple age groups. The project is designed to help the team to reach out their facility to their members through online system and sell their accessories.																										
<b>Problem Statement</b>	To manage and provide the features of the academy, T-14 Academy looks for an online solution. With the current Covid-19 pandemic, the online system has been a major need. They want their business operations to be streamlined in case the operations can't be handled physically.																										
<b>Business Case</b>	<ul style="list-style-type: none"><li>• The system allows the T-14 Academy to carry out the services and features online.</li><li>• Helping the members to easily access the features of the academy online.</li><li>• Allows the academy to sell football accessories online.</li></ul>																										
<b>Goal statement</b>	<ul style="list-style-type: none"><li>• To register membership</li><li>• To design exam test papers and practice test papers</li><li>• To enroll staff members</li><li>• To purchase football kits</li><li>• For report preparation</li><li>• To post exam notices and announcements</li><li>• To take a mock exam</li></ul>
